With reference to orders in the Government memorandum
cited above the proposal for the purchase of a high powered
X-Ray plant for the Government Headquarters Hospital, Mangalore
may be treated as a Part II Scheme for 1950-51. The Director
Barnard Institute of Radiology Madras has reported that the
staff already sanctioned in G.O. No. 649 P.H. dated 23-2-49 would
be sufficient for the present and any additional staff may be
considered at a later stage if and when necessary. The Director
has suggested that the Civil Assistant Surgeon class II to be
posted to operate the unit should have more extended course
of training i.e., a minimum period of three months. Quotations
have since been received from Messrs Powells Ltd., Bombay for
the supply of an X-Ray plant. and the remarks of the Director
Barnard Institute of Radiology have been called for thereon.
A sum of Rs. 25,000/- representing the approximate cost of an
200 M.A. X-Ray unit may sanctioned for the purchase of an X-Ray

Radiological Staff (High powered X-ray unit)	-	25,000	-	25,000

Explanatory note.

The S. G. has proposed the purchase of a high-powered unit for the X-ray department of the H. A. Hospital, Mangalore at a cost of Rs. 25,000/- The equipment now available in the X-ray department opened in 1949 consists of a small portable unit valued at Rs. 3,424/- donated by the P. W. F. and a refrigeration outfit purchased out of the provincial funds at a cost of Rs. 5,000/- This equipment is considered inadequate for a department which is intended to serve the whole district, which is not easily accessible and whose population cannot go elsewhere easily for treatment. The purchase of the high-powered unit is therefore considered immediately and imperatively essential for the proper

running of the department. Her proposal
does not involve any expenditure on staff
or buildings except on the payment of
t.a. to a C.A.S. class II who before he is
put in charge of the unit, will be posted
on reserve duty at the Barnard Institute
of Radiology ~~and~~ given training for three
months. It is proposed to sanction the
purchase of the high powered unit and
to make provision in the B.E. for 1950-51
as indicated in the summary.

31.3/50

From the Sbr. Refno: 38766-6 P.W. d. 12-10-49.
 X-ray - Headquarters Hospital,
 Mangalore - Purchase of a high
 powered unit.

In 1948 the Provincial Welfare
 Fund donated eleven X-ray units - 3
 stable units and eight portable units for
 distribution among the Govt. Hospitals in
 the province. When J.S. (the present Secy.) had
 discussions with the Sbr. and the Director
 Barnard Institute regarding the
 distribution of these units, it was agreed
 that one of the units - a portable unit
 should go to the Headquarters Hospital,
 Mangalore which in view of its importance
 should have also a high powered unit
 to be purchased out of the provincial funds.
 Accordingly in Go. 649 P.H. d. 28/2/49 the Govt.
 allotted one of the portable units to the Hqd.
 Ques. H. Mangalore, sanctioned the
 staff and the auxiliary equipment
 necessary for the operation of the unit
 and asked the Sbr. to forward proposals for
 the purchase of high powered unit for the
 hospital.

2/ The Sbr. now reports that a
 high powered unit may be purchased
 for the hospital at a cost not exceeding
 Rs. 25,000/-. He says that it is not necessary
 to construct any buildings new or
 employ additional staff to work the
 plant. He however says that the C.A.S. division
 who will be posted to work in the X-ray dept.
 of the hospital may be asked to undergo

three months training instead of a month's training
wherein para 4 of Gov. G.O. No. 11 d. 28-2-49.
He does not say how the training is to be
given and whether it will cost anything
reasonably he will make the necessary
arrangements without any extra cost to Gov.

3/ Though the Secy. has proposed
the purchase of the high powered unit, only
at the instance of the Govt., it seems necessary
to examine here whether in the present financial
stringency the proposal should be proceeded
with ^{at} all. Fin. have issued instructions that
excepting schemes which are imperatively
and immediately essential for the proper
running of the department no scheme should
be put forward as a part II scheme for
1950-51. The point is whether the provision
of a high powered unit for the H. d. Qu. Al.
Bangalore is imperatively and immediately
essential for the proper running of the hospital.
The hospital has already a portable unit
but this portable unit can ^{scarcely} be considered
as meeting the needs of a head quarters hospital
like the Bangalore hospital. The Headquarters
Hospitals at Kozhikode and Ernakulam have
succeeded to have high powered units.
The provision of a high powered unit for the
H. d. Qu. Al. Bangalore may therefore be
considered as absolutely essential for
the proper running of that hospital.
The proposal may be approved and the
expenditure involved in it for Rs 25000/-
provided for in the budget for 1950-51.
4/ The remarks of P. may be
invited.

cf p. 102 of R. 100

Finance (A. V.)

25/10/49
mr-
25/10/49

Finance (B.E.IV) Dept

Part II Scheme for 1950-51.

Purchase of a highpowered X-ray Unit for the Government Headquarters Hospital, Mangalore.

ESTIMATED COST Rs. 25,000 Non-recurring.

The Medical department obtained three stable X-ray Units valued at Rs 9,332 each and eight portable units^{valued} at Rs 3,424 each as a donation from the Provincial Welfare Fund. These units were distributed to certain Headquarters Hospitals^(+ other medical institutions). The Government sanctioned the employment of^{the} necessary staff and the purchase of necessary equipment for the operation of the Units.

The Headquarters Hospital, Mangalore was one of the hospitals which got a portable X-ray unit and the necessary staff and equipment. The purchase of a high-power Unit was also considered necessary for the Headquarters Hospital, Mangalore as well as some other hospitals like Cuddalore. (Highpower unit has been sanctioned^{for} Cuddalore). E. & P.H. consider that the

[Para. 69-73 CF of (B)]

Und

Para: 2, 158 CF, 1311 F of

5. (A) + para: 3, 12 above

proposal to purchase a highpower unit for the Headquarters Hospital, Mangalore can be deemed to satisfy the test of imperative and immediate essentiality and ^{not} as such it ^{may} ~~is~~ ~~proposed~~ to be treated as a Part II Scheme for 1950-51 - see their remarks at 'A' on p.2 and 'B' on p.3 above. The proposal will not involve extra expenditure on ~~any~~ building, as accommodation is said to be available but it is expected that there may be ^{some} a small extra cost ^{on the} as ^{training of} the Civil Assistant Surgeon, Class II, ^{as it is not proposed to} ~~may have to be~~ trained ^{him} for three months instead of for a month, as was previously sanctioned when the portable X-ray Unit was given to the Hospital, Mangalore. ~~This will however involve only a small additional expenditure.~~

This department may agree to the proposal to purchase a highpowered plant being considered as a Part II Scheme for 1950-51, subject to orders being taken in circulation including H.M. (Finance).

YK: 5/11/49
This is only a desirable proposal and no great harm will result if it is deferred for some time. Finance may advise that the proposal need not be considered as a Part II Scheme for 1950-51, when all round economy is the need.

In this case we need not object to the scheme taking its chance as a Part II Scheme for 50-51.

Lin

From the S.G. Ref. 38966 - 9 p.w. d. 22-11-49.

The S.G. has since recommended continuation of the recent instructions of P.H. for deferring or slowing down non-essential post-war schemes and for drastically reducing the expenditure on other schemes, the proposal to purchase a high-powered unit

for the Bandagaulas Hospital, Mangalore may be deferred. But for the reasons stated by the Addl Secy. at 'B' at p 3 anti the proposal has already been accepted in circulation as one immediately and imperatively essential for the proper running of the X-ray dept. of the Bandagaulas Hospital, Mangalore. The objection of the S. G. may therefore be overlooked and the proposal proceeded with as a post scheme for 1950-51. Fin. may see for acceptance of the post note already approved.

It is desirable that the scheme should take its chance - in S.G.'s view which seems to me to run on the side of doubt and not be reversed

(Previous Finance note on pages 3-4 above).

Please see the further notes and orders in circulation on pages 4-6 above.

This Dept ^{has already} agreed to the proposal going forward as a Post scheme for 1950-51. The draft note on Post scheme may be accepted, subject to the remark that the debit of ^{the} expenditure of the X-ray unit should be as indicated in the summary.

(It is presumed that no large cost will be involved in the training of the C.A.S class II ^{hence} no specific provision is made in the draft note)
